IS YOUR NIGHT MISSING?

We've tried our hardest to track down listings for most venues in the city but if you're playing, promoting or hosting an event that's not listed here, get in touch with us and we'll make sure we'll include your events in the future.

INFO@LEICESTERMUSICCOLLECTIVE.ORG

THIS PIECE OF PAPER IS BROUGHT TO YOU BY: **THE LEICESTER MUSIC COLLECTIVE**

The LMC is a non-profit 'collective' of people involved with Leicester's music scene. Some of us put on gigs and festivals, write blogs, take photos or run radio stations, record labels, webzines or venues. Some of us just go to gigs.

We hold regular meetings to share ideas and work towards improving the city's music scene for everyone concerned. Usually we invite someone who knows what they're talking about to share their knowledge about a certain aspect of the city or music in general, and we drink more tea than is probably healthy.

If you want to be involved with The LMC on any level, or if you're just interested in music in leicester, please get in touch with us at **info@leicestermusiccollective.org**.
